

# Sheep Puppets

## You will need

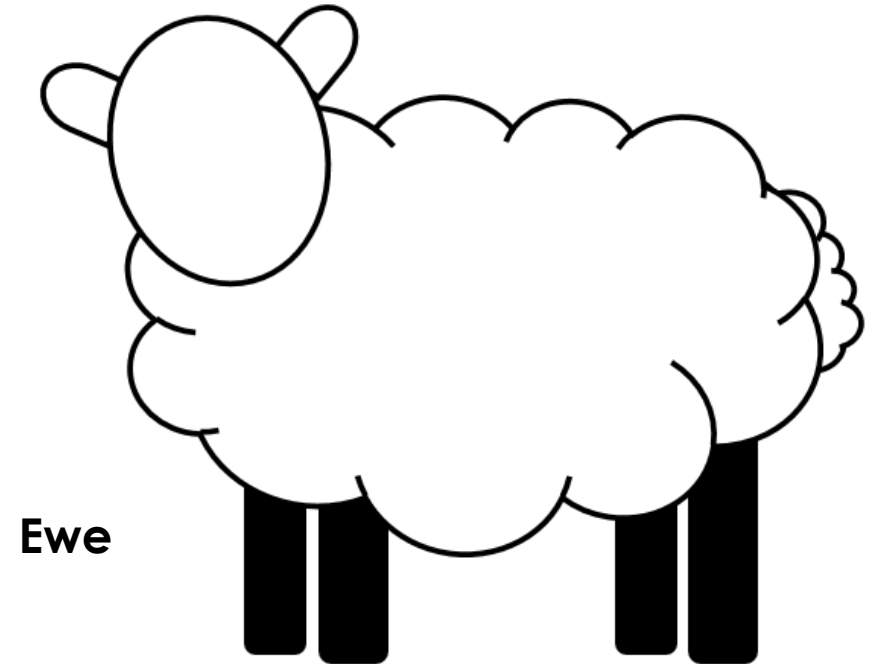

- Scissors
- Wool
- Glue
- Pencil
- Sticks

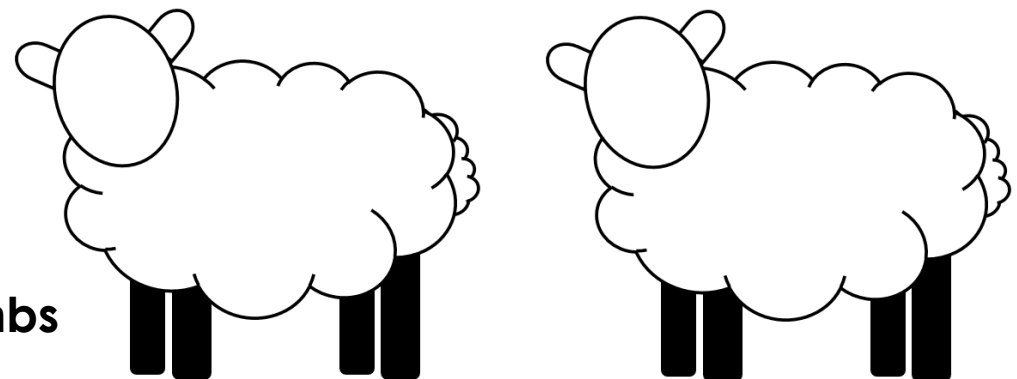

**Tip!** Add two small sticks or pieces of pipe cleaner to the head of your sheep to create ram's horns!

## How to make your puppet

- Cut out the templates from this sheet or draw your own sheep on to paper or card and carefully cut out. You may need to ask an adult for help with this part.
- Glue some wool onto your sheep to create its fleece.
- Draw a pair of eyes, a nose and mouth to make the faces of your sheep.
- When you have decorated your sheep, attach a stick to the back of each one using glue or tape.
- Your puppets are now ready! Why not take your sheep with you on a walk, or create your very own puppet show!

**Ewe**

**Lambs**
