Enjoy the **scenic views**

# What can you see at **Clouts Wood**?

Photo credit: Steve Deeley

There are lots of  
**birds of prey**.

Can you see them   
soaring overhead?

Photo credit: Eleanor Dodson

In spring and summer  
there are many different  
kinds of **wildflowers**.

How many can you   
see?

The diversity of habitats  
provides a good  
environment for **insects**.

Can you hear the  
crickets in the grass?

Now you know that .....

1. Clouts Wood is special because there are so many different kinds of birds, **flowers and insects**.
2. Clouts Wood **provides an important habitat** for wildlife
3. We are looking after **Clouts Wood** so that the birds, flowers and insects stay here for you to see and enjoy.

We hope you enjoyed your day.  
What did you enjoy the most?

Thank you for visiting  
**Clouts Wood** Nature  
Reserve.

Please come back again!
